

lg::Relu::backward

```
graph LR; A[lg::Relu::backward] --> B[lg::Tensor::size]
```

A diagram showing a call from the `lg::Relu::backward` function to the `lg::Tensor::size` method. The `lg::Relu::backward` node is a gray rectangle on the left, and the `lg::Tensor::size` node is a white rectangle on the right. A dark blue arrow points from the right side of the gray rectangle to the left side of the white rectangle.

lg::Tensor::size
