

lg::Relu::forward

```
graph LR; A[lg::Relu::forward] --> B[lg::Tensor::size]
```

A diagram showing a call from the `lg::Relu::forward` function to the `lg::Tensor::size` method. The `lg::Relu::forward` node is a gray rectangle on the left, and the `lg::Tensor::size` node is a white rectangle on the right. A blue arrow points from the right side of the first node to the left side of the second node.

lg::Tensor::size
