

lg::Tanh::backward

```
graph LR; A[lg::Tanh::backward] --> B[lg::Tensor::size]
```

A diagram showing a call to the `lg::Tensor::size` method from the `lg::Tanh::backward` function. The `lg::Tanh::backward` node is a gray rectangle on the left, and the `lg::Tensor::size` node is a white rectangle on the right. A blue arrow points from the right side of the gray rectangle to the left side of the white rectangle.

lg::Tensor::size
